ART COLLAGE

SUPPLIES
- A variety of pictures and shapes cut from magazines, newspapers, construction paper, wrapping paper, or tissue paper
- Glue or tape
- Blank sheet of paper or cardboard
- Stickers or colorful tape (optional)

LET'S TALK ABOUT IT!
Talk about what you see. What shapes and colors did you use? Why?
Talk about how the materials feel. Is the glue sticky? Is the paper crinkly?
Can you make up a story about your collage?

TRY IT OUT!
1. Give your child a variety of pictures and shapes cut or torn from magazines, newspapers, or colorful paper such as wrapping or tissue paper.
2. It’s fun to sort the pieces by color, shape, or size.
3. Let your child glue or tape the pieces to the paper in whatever way they would like. Add stickers or colorful tape to finish it off.
