FINGER PAINTING

SUPPLIES
- Mixing bowl
- Mixing spoon
- 1 cup cornstarch
- 1 cup cold water
- Food coloring

TRY IT OUT!
1. Add the cornstarch and cold water to the mixing bowl.
2. Stir this mixture until it is smooth.
3. For multiple colors, set uncolored mixture aside in different bowls.
4. Add food coloring and stir until color is distributed evenly.
5. Experiment with mixing different colors.
6. Paint a picture with your finger paint!

LET'S TALK ABOUT IT!
What do you think will happen as you stir the mixture?
How does the finger paint feel? Introduce words like squishy, sticky, lumpy, and slippery.
What can you paint with these colors?
