SALT PAINTING

SUPPLIES

- White glue
- Salt
- Watercolor paint or make your own by adding water and food coloring
- Paint brushes
- Paper, cardboard, or other material to paint on

TRY IT OUT!

1. On your paper or cardboard make a design with your white glue.
2. Sprinkle salt over all of the glue and remove excess salt.
3. Use a dropper or paintbrush to paint over your work.
4. You can make watercolors by mixing water with food coloring.

LET'S TALK ABOUT IT!

Ask your child about their art. What were you thinking or feeling while you made your painting?

What title would you give your art?

Why did you choose this color?
