SHAPE HUNT

SUPPLIES
- Index cards or paper
- Pen or marker
- A bag or box

TRY IT OUT!
1. Work together to draw and label different shapes on index cards. Include simple shapes like a circle, square, triangle, and rectangle.
2. Put the cards in a bag or box.
3. Have your child pull out a shape card and encourage them to hunt for the objects that are the same shape.
4. Add new shape cards like a diamond, heart, star, etc.

LET'S TALK ABOUT IT!
Hunt for shapes in your neighborhood, local park or grocery store.

Finding shapes in real objects can be difficult for little ones. Help your child by tracing the shape with your finger and describing the shape as you identify it.
