SOUND WALK

SUPPLIES
- A piece of paper
- Pen, crayon, or marker
- Your listening ears

LET'S TALK ABOUT IT!
Repeat the sounds you hear on your walk. Can you chirp like a bird or honk like a car horn?
Talk about volume. What sounds do you hear that are loud? What sounds do you hear that are quiet?

TRY IT OUT!
1. On your paper, write or draw things you might hear outside. For example, draw a bird if you think you might hear a bird chirping!
2. Go for a walk and bring the paper along. Check off what you hear on your walk.
3. If you’d like, leave a blank space to add new sounds! As you walk, name the sounds you hear!
